This is our annual pot-luck picnic and live auction. Doors will open at 8:30 to receive auction items. If you don't have anything to auction then the doors will open at 9 a.m. as usual. If you have something entered into the auction, you are reminded that it must be in the hall by 9:30 so that everyone has a chance to preview it before the sale. A reminder that only items registered before May 15 will be auctioned. A change this year is that in an effort to speed the auction up, starting bids will be listed with each item. These are not minimum bids, however, this is where the auctioneer will start each item. If there are no bids, the item will be passed. We want to make this year's auction fun and fast paced! Members are encouraged to bring a friend who might be interested in purchasing a clock. We have lots of great and unusual items this year! We have had good luck getting sellers, now we need buyers!

Finally, a reminder that the meal following the auction is a pot-luck. Please bring your favourite dish to share. As always, plates, utensils and drinks will be provided. This meal is always a highlight and I don't expect anything different this year!

ANNOUNCING THE CH.92 RESTORATION CONTEST

We are pleased to announce the first Chapter 92 Restoration Competition! This will be a 6 month long event. Members are asked to bring in a clock in need of restoration to the October Meeting. We will photograph the clock and then you will have all winter to work on restoration. In April, finished products will be judged. There will be a number of categories, including:

- Best complete restoration (Case and movement)
- Best movement restoration
- Best case restoration
- Best decorative elements restoration

And there will also be an award called "People's Choice" where members will be asked to cast a ballot in favour of their personal favourite!

We can't promise enormous prizes, but the bragging rights will be huge!

More details in the summer newsletter!

April Meeting

The April Meeting was very well-attended. The display centered on 'unusual' clocks and there were many! The group was treated to not one but two lectures. Cathy Koolen gave a talk on protecting and disposing of a clock collection and Andy Dervan followed that with a talk about the appraisal process and what an appraisal was and was not. The meeting concluded with a silent auction. Members are reminded that there are no direct sales or silent auction at the June Meeting.
